We return,  
and a new life once more  
takes hold of our ambitions.  
To deny a rebirth  
would be to deny life as us.  
We struggle,  
and learn the new rules of  
our existence,  
as a child must learn  
the rules of life.

Development begins to  
show its mark,  
and the new-born child  
cries.

But the span of age  
and countless time  
disintegrates,  
as we feel,  
and wish to be felt,  
and live.

ALL VISITORS  
MUST BE CLEARED  
THROUGH OFFICE

DID  
YOU SEE  
THAT SIGN  
ON THE SCHOOL'S  
FRONT DOOR?

YEAH!  
IT'S  
DISGUSTING

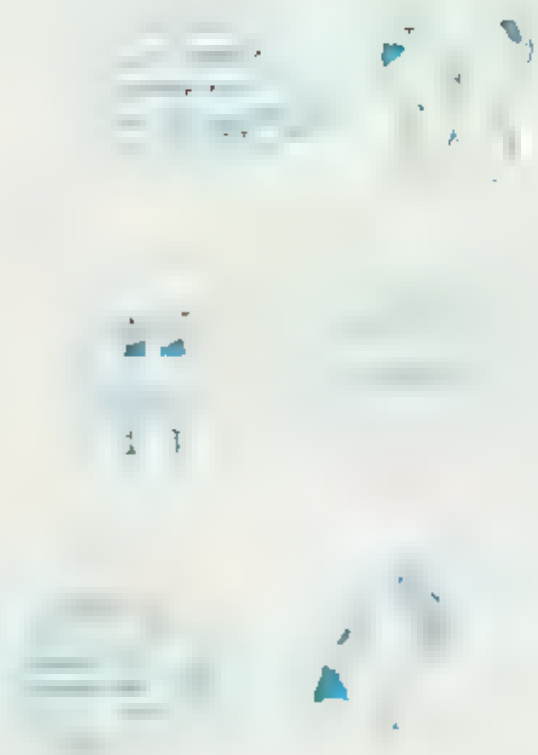

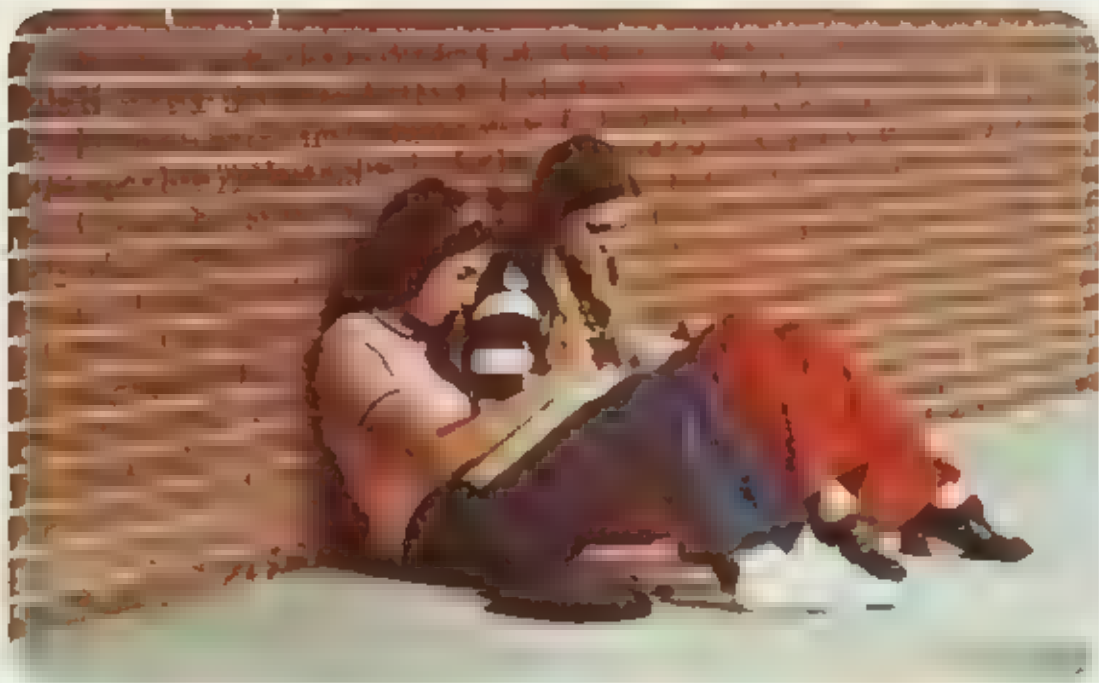

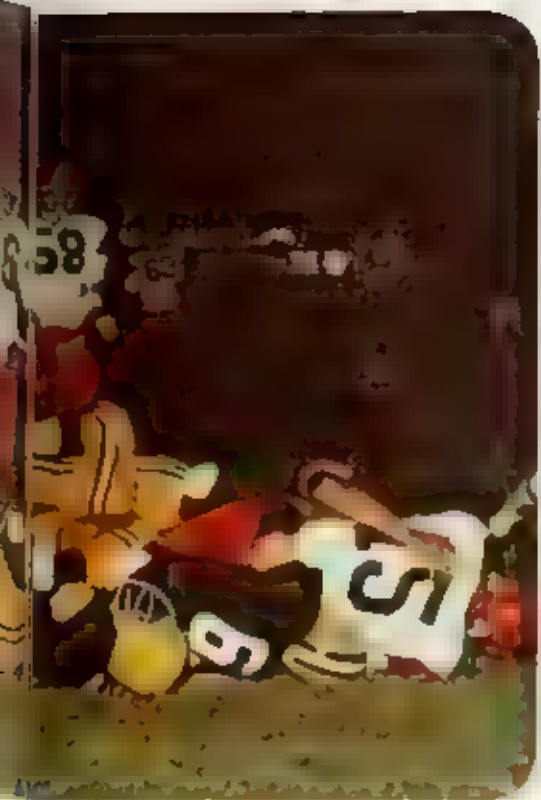

I WONDER  
HOW THEY  
DECIDE WHO  
CAN VISIT?  
BY LOOKS?

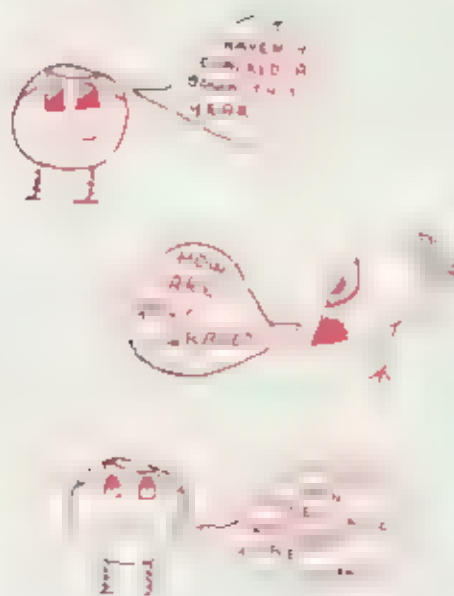

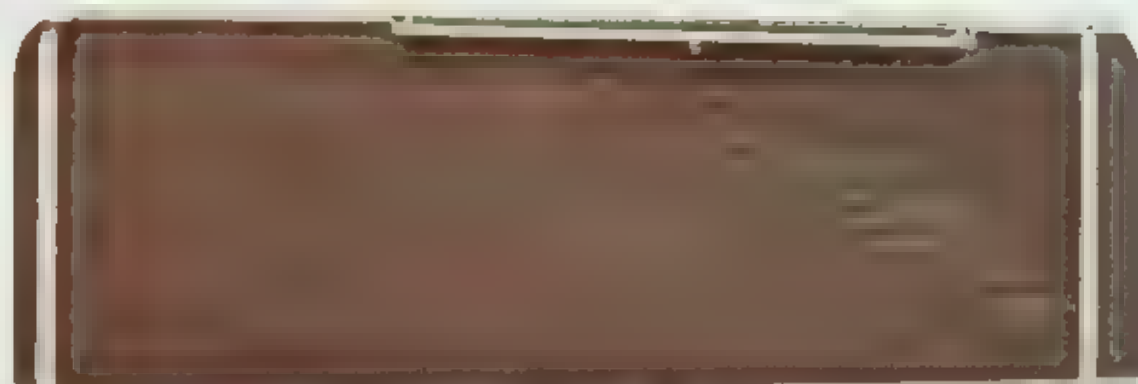

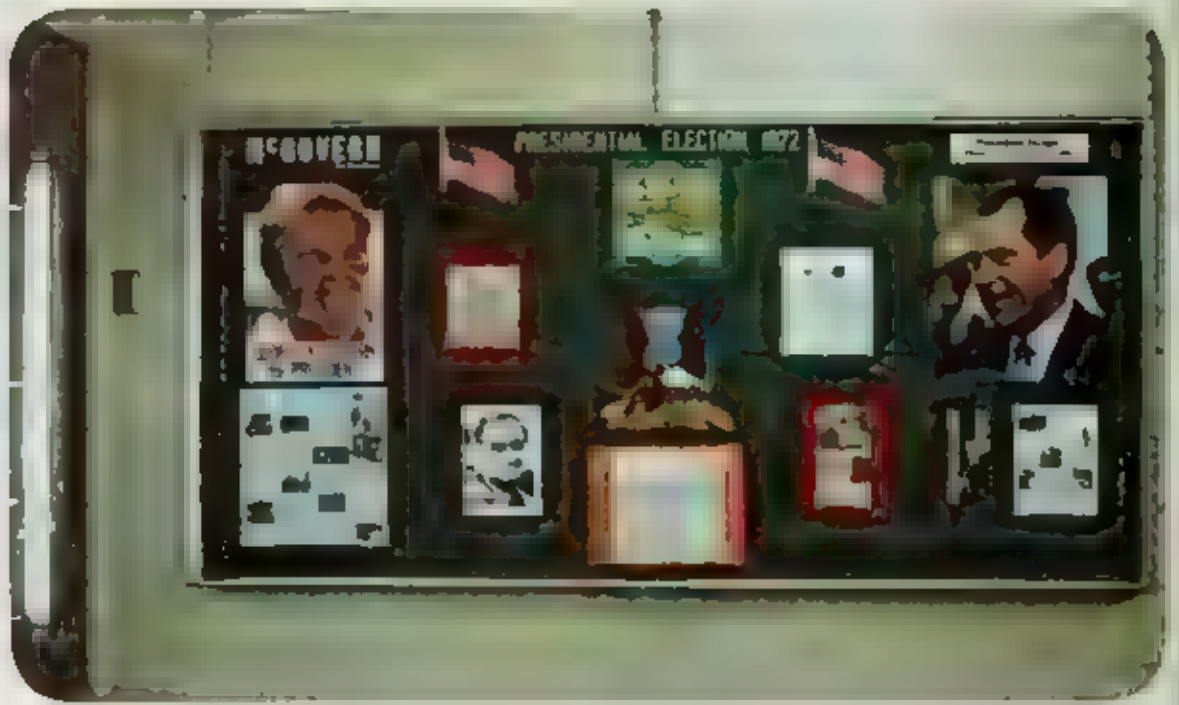

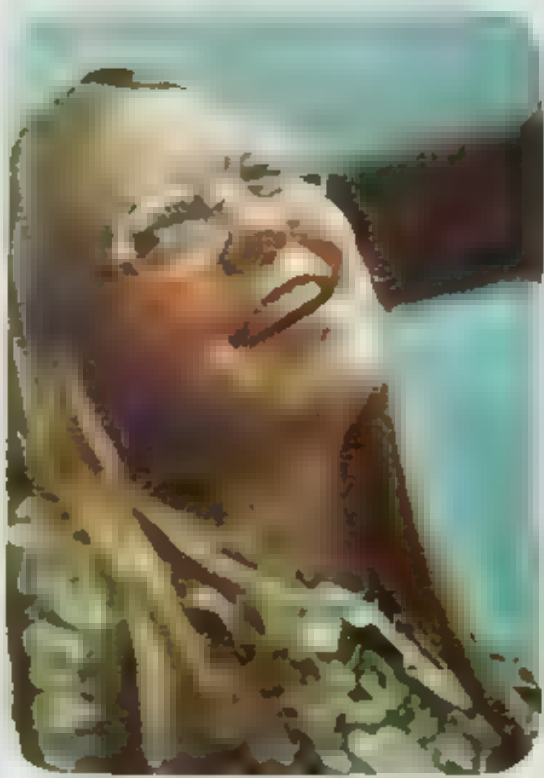

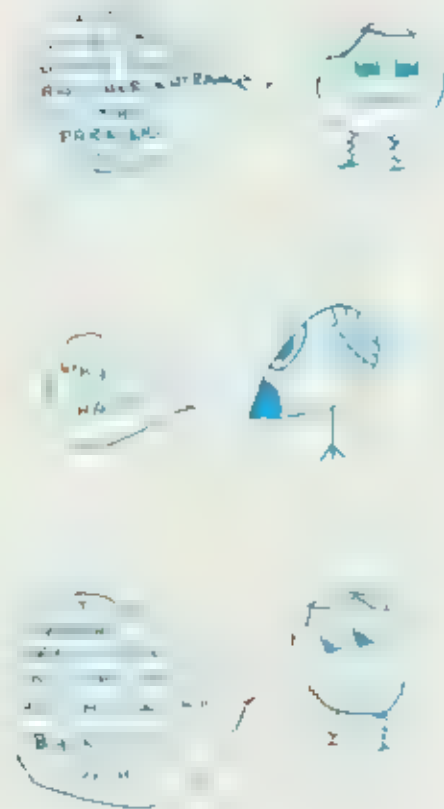

This annual is dedicated  
to the fire within us  
which makes us be as we are  
and strive for life  
and its adventures as we do.

## "A GRADUAL DEATH"

As the brave and strengthened soldier lay dying on the field,  
 And the once warm blood ran clotted upon the shield,  
 He whispered words of pain and loneliness of life,  
 Felt the fatal cuts of saturated knife,  
 Groaned in the pool of unending defeat,  
 He knew with death soon he would meet.  
 Slowly he opened his bleak eyes  
 Looked upward in mournful cries,  
 Prayed hopeful dreams of will;  
 But with peace lay still.  
 At last he screamed  
 With what seemed  
 A song  
 Gone.

vincent amaro

Veracious scrutinies  
 taken at oneself  
 conveys the  
 thoughts  
 of Existence's  
 iris.

but in this  
 reflection; the Surreality  
 of  
 abstraction  
 is evanescent . . . . .  
 a tear.

scott sokol

The moon has many phases  
    my dear,  
And with each  
We change and bend according to the  
    Air —  
Emotions are fragile at this time,  
    yet joyous  
Nature we enjoy and  
Serenity is a Tranquilizer for  
    our minds.  
We analyze our surroundings  
    and relationships.

II  
    Fire —  
Turbulent tidings come with  
    this phase  
Impetuously we judge and  
Jealousy rules our lives yet  
Passion overcomes us all —

    Water —  
Sensitivity is at its height  
    yet the sting of revenge  
    can poison the soul.  
Romance is stilling and the  
    air is sweet with loving  
    words.

    Earth —  
Cruelty and stability is  
    dominant now as we see  
    Reality.  
Dreamily caught up in a  
    stagnant world,  
We probe the stark truth  
    and eagerly await the  
Air to rescue our emotions.

With each day we change —  
The moon rules emotions  
Sometimes realistically  
Usually dreamily  
Diana is the shell by which  
we use to hide from the  
    World.  
She brings us deep love,  
    and superficial moments —  
for she has two faces.

stephanie hardin

I am but a small speck  
    among humanity,  
Although we are individuals  
    we all are a part of the  
    whole  
But not all of us  
    are treated the same.

Why God,  
    we all are dots  
And we all compose the world  
Maybe someday people  
    will put us together  
And treat us all as people!

Fia Zitsos

When I saw you today,  
You looked at me as if to say,  
"Will you help me?  
I need someone who can understand and see  
Just how and what I feel  
Seems to be so real,"  
The next thing I knew, you had passed,  
And I realized just what I had missed.  
It was a chance to sit down with a friend,  
A fantastic person to no evident end  
But I had missed it.  
I guess that what I want to say  
Is that I thought about you a lot today.  
I may have let you pass this time,  
But until we meet again, you're all that's on my mind.

tim kelly

as an egg — i broke  
as a baby bird — i fell  
as i grew — i learned  
as an eagle — i will Fly

Remember . . .

All the fun times you've ever had:  
the long talks  
with  
your best friend,

the crazy things  
you did  
at school,

the thrill of running through  
a field of daffodils  
in the spring,

and then watching  
the sun  
slowly fade into  
the purple hills

of summer,

the peace of sitting on  
the bench and thinking  
how big the ocean is,

wishing on your  
lucky star?  
the brightest one  
in the  
whole sky . . .

and suddenly it's over . . .  
you wake to find  
all the dreams  
you left  
behind.

Where did these times go?

But today  
is  
a new day  
with  
new mountains  
to climb.

Why not make this day  
one to remember? . . .

bronwyn smith

Living in your land o'God  
I cannot help but think,  
This tiresome Land alone I trod  
Where mankind's hopes all sink

O'Lord I never want to die  
I never want to be alone  
except the time when I must try  
to solve my hearts unknown

steve stephenson

I looked into the mirror,

I  
didn't  
like  
what  
he  
— sees —

I don't know how nature so grows,  
But as time passes on — so grow  
will I —

will I?

Oh, maybe someday I'll learn

### Music Is Love

It sings;  
 It plays;  
 It dances over moonlit hills  
 And echoes down dank earth corridors.  
 It sings in the hearts of innocent children,  
 Blind to the swampy lands outside their doors —  
 Unaware of the rats in their cellar.  
 It bathes silence in silky water,  
 Cleansing a troubled mind.  
 Filling hearts with joy.  
 It screams through smoke-filled rooms  
 And auditoriums (with policemen)  
 And speaks that which cannot be spoken on chalk-filled boards  
 It's there if you listen, but silent if your mind is closed.  
 It is a tune sung deep in the forest  
 It lives by flowing streams, and high mountain tops.  
 The sanity of a universe rests in its velvet hands  
 Unspoiled by axle grease  
 It is my soul.

Hardie McGehee

They tied a blindfold on me  
 and we played Pin the Tail on the Donkey  
 Oh No . . .  
 It was the summer storm when the lightning struck  
 and all the lights went out. I couldn't watch T. V.  
 I know now . . .  
 It was too hot in church with all the windows closed  
 They made me stand too long and I fainted.  
 He told me to close my eyes and open my hands  
 And he'd give me a big surprise.  
 It was round and smooth that's all I know  
 cause then my Dad blew a fuse trying to fix the toaster  
 and we sat in the dark telling stories.  
 I wish they'd hurry and fix the lights  
 I want to see my surprise  
 Don't tell me, I'm blind  
 I won't believe you.

## *One Big Happy Family*

### *Our Leader*

Welcome to the new, exciting, 1973 MBHS Faculty Family Album. We introduce our starting lineup as they do their own rendition of "Come See One." Our principal and leader, Dr. Darrell McClain, has harmoniously directed The Family for the past two years into many new ideas and courses for the school

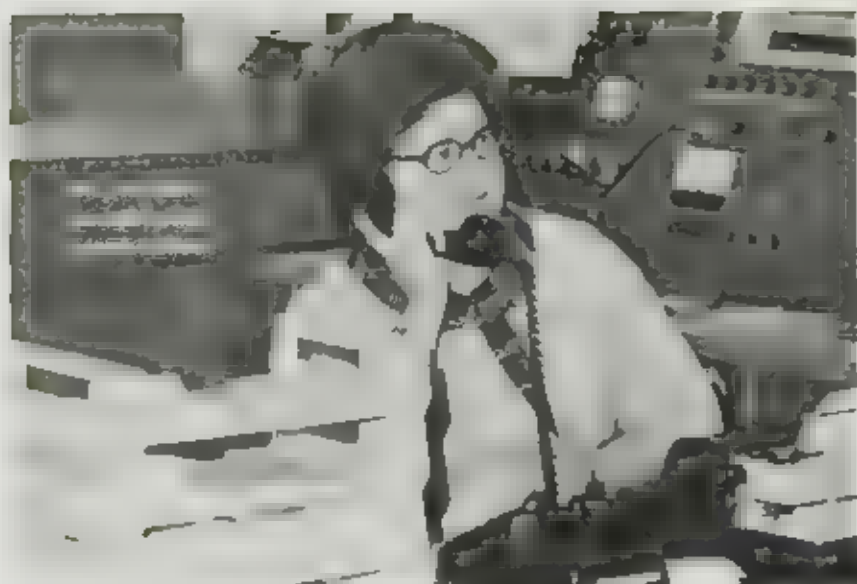

We now move into more intimate views of the administration as we see Dr Smotherman receiving his first key to the building and as he directs the Procrastination Convention. Mr Roberts shows the prestige of assistant principals, Mr Byrd speculates on the relative attributes of breakfasts and Mrs Harper seeks the thief of her Harvard catalogue.

Well, personally I've always liked Cheerios myself.

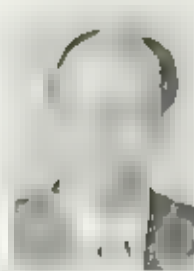

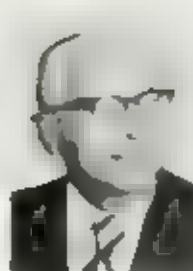

*Extreme Above: Mrs. Schreiber handles a day's business; Extreme Above Right: Mrs. Hendrix welcomes the lady and forlorn of the school; Above, Left to Right: "In action" poses of Mrs. Goodwyn, Mrs. Hoynie and Mrs. Darnell, Right: The "end of the day" metamorphosis of Miss Mills.*

## Bored of Education

Dr. William Eddins, superintendent of the school system since its beginning in 1959, has received a B.A. from Henderson State University, a M.A. from the University of Alabama and a doctorate in education from Columbia University. Dr. Eddins is a member of A.E.A., and the American and Alabama Associations of School Administrators.

Mr. Zolte Reed, Assistant Superintendent, was previously an associate professor of Education at Bham Southern College. Mr. Reed's education consists of a B.S. from Florence State Teacher College and a M.A. from Peabody College.

Mr. James Permut, currently chairman of the board, has been a member since its beginning in 1959. Mr. Permut has both a B.S. and LL.D. degree from the University of Alabama and in his time not occupied with the board he is a partner in a law firm.

Mrs. Ann Prichard has been a member of the Board since 1970 and is currently the Vice Chairman. She has a B.A. degree from the University of Alabama and is presently active on many committees and civic projects and has received the University of Alabama Distinguished Alumni Award.

Mr. Chris King, a Certified Public Accountant, has been on the Board since 1971. Mr. King graduated from Mississippi State University and is on the board of several state and national organizations.

Mr. Walter S. Fletcher, a partner in a law firm, has been a member of Mountain Brook Board of Education since 1969. A graduate of Bham Southern and University of Alabama Law School, Mr. Fletcher served as a navigator in WW II. At the present time he is an avid golfer and tennis fan.

Mr. James Vann has been a member of the Board since its beginning in 1959 and has been President of the Board for four years. His education consists of a B.S. degree from Auburn and a M.A. Business degree from Harvard.

Across the page, Mr. Lytle continues his antics for yet another year imitating Winston Churchill's dog, Sam. At the bottom of the page we find Mrs. Collier every ready to have her picture taken and Mr. Rickard, money bag close at hand, checking the stocks and investing in Socialism. Rumor has it that he has gone in the red.

# math

In the Math department we find Mrs. Beale demonstrating new teaching techniques while Miss Rogers shows how math teachers really get in the swing of things. Mrs. Atkins asks the cameraman to help demonstrate Theorem 207 on parallel lines while both Mrs. Bullock and Miss Stembridge find plenty of paperwork to do.

Running on to the athletics department, we find Coaches Jarman and Fitts discussing whether the track team should run to the state meet or not. In the girls section, Mrs. Hester is left speechless while Miss Stuart teaches her class what a basketball is. Other views reveal the three musketeers playing basketball, and Coach Fitts planting "grass" in the football field.

The lunchroom staff again this year produced provocative lunches and snacks which the students consumed with unparalleled gusto.

THE 1972 SPARTAN FOOTBALL SQUAD, facing the most difficult season on record this year for a 4-A high school, compiled a disappointing, but exciting season of three wins and seven losses. Six of the ten games were played against top 10 ranked 4-A schools. High quality and individual performances combined to form excellent squads on both offense and defense. Five Spartans were chosen as first-team all independent: Chris McGahee, Graham Tayloe, Porter Mitchell, Phil Mulkey, and David Faulkinberry. Faulkinberry was also chosen All-State.

The 1973 Spartan Basketball team had a season full of ups and downs. Early in the season the Spartans participated in the John Carroll Invitational Tournament where G. V. Meullen was chosen for the all-tournament team. Under the capable leadership of Coach Gene Beard, G.V. and Laird Barnett led the team with their constant effort. Two starters, G.V. and Randy Bernstein, will be returning next year for a promising season.

The wrestling team of 1973 had eleven stars to return including Ray and Troy Downey, Dod Hamre, and Steve Shirley who proved to be outstanding in their weight classes. Mountain Brook's team combined spirit and top-notch performances to have an excellent record of 8-3. The team placed 3rd in the regional tournament with Ray Downey, and Robert Evans placing first. They are looking forward to having more teams like this year's, to carry Mountain Brook to more victories.

1972 Cross Country: The season was an exceptional one. Under the leadership of Coach Jarman, the team did better than it has done before. They ran against tougher opponents, and participated in more difficult meets such as Calloway Gardens, and in a four school meet in Mobile. The main factor in the team's improvement was the matured attitude of the runners. Morning workouts became the rule, rather than the exception, and running afternoons became a contest instead of an obligation. They had hoped to win the state meet, but with the amount of sickness and the number of injuries, the SPARTANS fell short of their goal. The team placed sixth in the state meet which was better than any previous team had done.

## Organizations Offer Projects, Activities

Do you have a special interest or hobby? Chances are you're not the only one with that same interest, whatever it is. Mt. Brook High School's Club agenda seems to have something for everybody.

If you're one of those who don't yet belong to one of the nationally recognized Honor Societies, you may be surprised if you find yourself being tapped some day.

For all-round intellectuals, the National Honor Society members unite in an attempt to raise academic standards. Linguists may be interested in the French or Spanish Club, depending on their affiliations. The

group will sell you Halloween insurance, which means that if you are unfortunate enough to have your yard rolled or otherwise degraded, an Interact member will restore it to its proper condition. Back to the football games, the ushers are warmly provided by our celebrated Key Club. They have plans to paint the lines in the parking lot. These two groups of young men will soon endeavor to outdo each other in a highly competitive basketball game.

For the stray amateur linguists, we have the French, Spanish, and Latin Clubs. For the

**PEACE '73**

1941

1942

1943

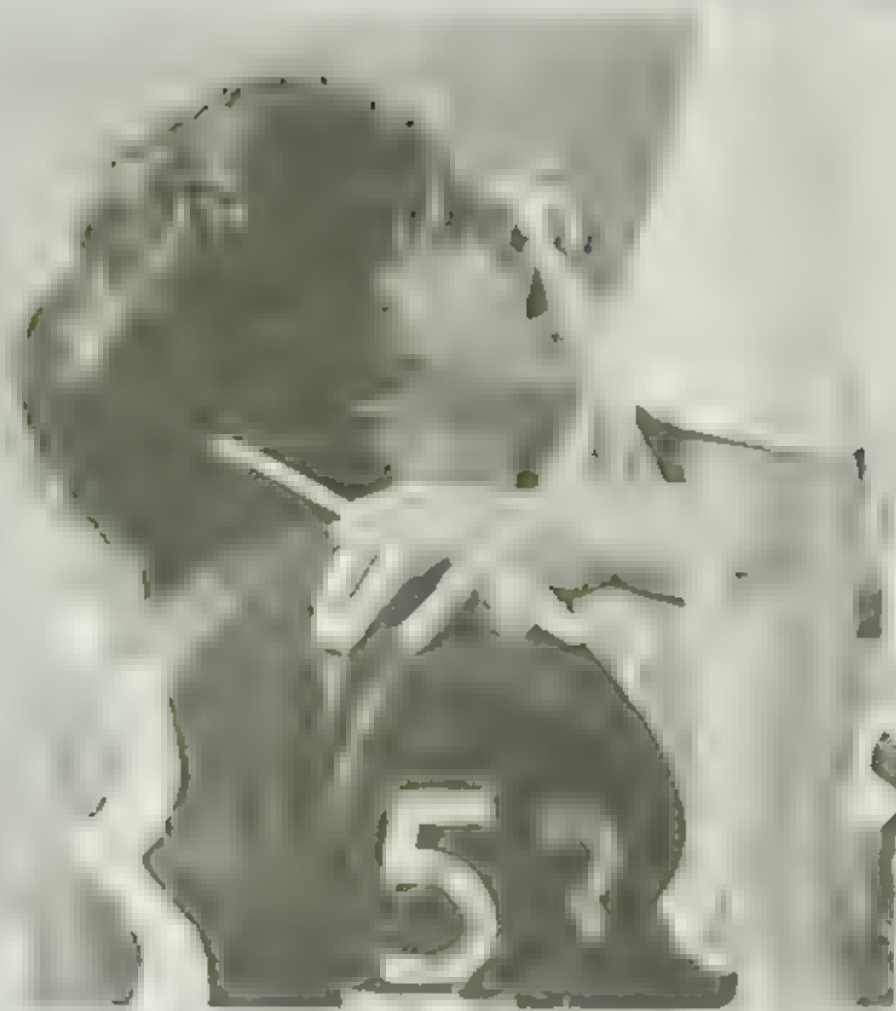

The first of these  
 is the fact that the  
 world is a very  
 interesting place and  
 that we are all  
 part of it. The second  
 is that we are all  
 different and that  
 we should be  
 treated as such.

meaningful to me  
 is not to be afraid of  
 differences  
 but to be very  
 creative and to  
 be able to see  
 things in a new  
 way. The third  
 is that we should  
 be able to see  
 things in a new  
 way.
